

Mash Group

SAFETY FIRST IS
SAFETY ALWAYS.

ABOUT US

Mash Group, established in 1962 is an Indian conglomerate and Exporter of Safety Garments, Safety Shoes, Leather Goods & Accessories, Pet food and Meat Processing.

Mash Group incorporated modern Infrastructure & resources with highly skilled and semi-skilled workforce, supported by our Competent Management Team.

The ISO 9001 Certified **Mash Group** reported a turnover of over 145 Million US\$ in the financial year 2022 and have 7 factories spread over 3,00,000 sq.ft. and It employs a workforce of over 2000. Our strict adherence to high quality standards, enable us to comply with EN, ANZI, CSA norms and social compliance including BSCI and SEDEX among other international quality standards. We are strongly backed by our overseas offices.

Mash Group is driven by our passion to innovate and satisfy our customers through high quality products. In Safety Garments we have 250 machines installed and we are making 40,000 Garments/ Month. We are specialized in making Freezer Garments, High Viz Garments, Children Garments, Trousers and Shirts. Apart from these we make a full range of Woven Safety Garments. All the processes from cutting to dispatch are done in an in-house facility. We have state-of-the-art to the art machines installed to give quality output, we also have an in-house testing lab where we conduct some basic tests of all the fabrics before giving a final go ahead to the cutting.

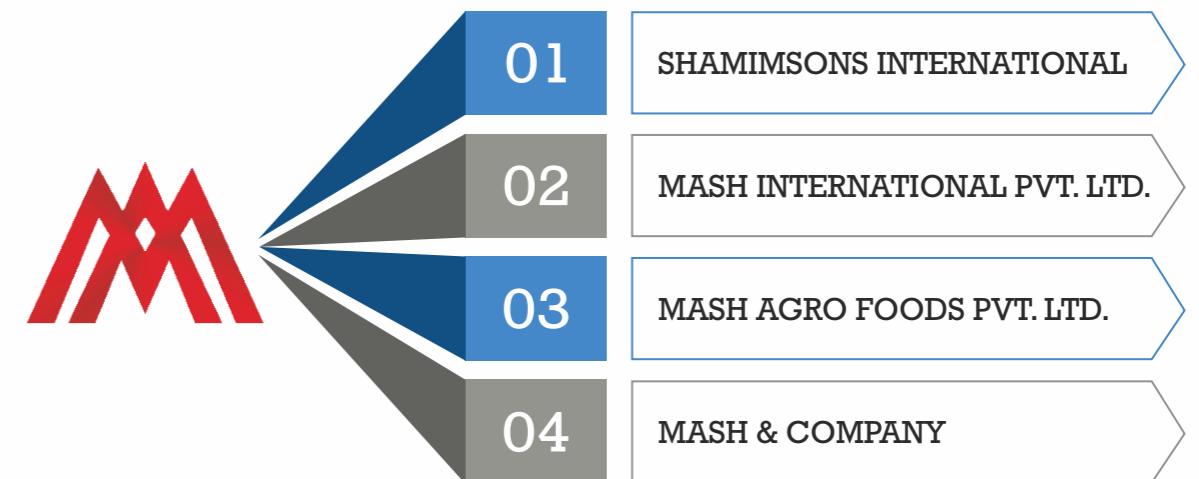

VISION AND MISSION

Mash's vision is to become the most trusted brand for all Personal Protective Equipment (PPE) across the globe. Mash actively attempts to achieve this by relentlessly working towards innovating new products, responsibly serving the stakeholders, and sustainable increase of its presence.

Our mission is to continue the unwavering commitment of keeping the active doers safe in their workplaces. We believe it is the people who make organizations and help in the growth of the nation. For this reason, it is imperative to keep people safe in their environments. Our aim is to solve this by using Design Thinking to create smart and comfortable PPEs for its clients.
